Love Life of a 13 Year Old Girl

69 9 7

Chapter 1 by Alahna

"You're too young to date" "why are you dating him?" "He's wierd..."

That was all I ever heard in fifth grade. Everything someone said to me was about my boyfriend, or I should say my ex boyfriend from three years ago. Everyone asked me why I liked him. I liked him because he was funny, because he was nice to me. What I didn't know was he wasn't as good as I thought. In the six months i dated him, he cheated on me four or five times. When we dated in sixth grade, he cheated on me again, and now in seventh grade he is telling one of my best friends he is in love with her.

Chapter 2 by Shae

That best friend is me! He cheated on her with me he told me that they broke up, but when she came back she was going to give him a beautiful heart shaped rock, until I told her, me and him were dating! So I broke up with him and he is still after me but I'm saying no this time!

Chapter 3 by SaintSayaka

Our lives are quite hectic for middle schoolers.

In five years, we will look back at this event and realize how much we miss. We will mourn for the days were the biggest of our problems were unfaithful boyfriends who did little more than tell us that we were pretty and hold our hands. We will learn true heartbreak, and grapple with the words "student loans" while we do it. We will miss our old friends, our old schools, recess, a paid roof over our heads.

Things weren't more complicated than in my childhood, I thought. They were just made up of thousands of tiny, little issues and knots.
